

MACKIE NAVALLO

IT PROFESIONAL

☎ (+63) 950-707-8427 ✉ mackienavallo08@gmail.com

PROFILE

Dedicated IT student with a strong foundation in programming and software development. Proficient in JavaScript and PHP together with CSS for frondend, I enjoy solving complex problems and building efficient, scalable solutions. My experience includes developing web applications, database management, and system troubleshooting, with a keen eye for writing clean, optimized code. I am always eager to learn new technologies and improve my skills to stay updated with industry trends. With a problem-solving mindset and attention to detail, I strive to create innovative solutions that enhance user experience and system efficiency.
